

Living as Missionary Disciples: A Resource for Evangelization

In our present culture, how do we best form missionary disciples? What are some key principles that should be included in pastoral planning to ensure we are reaching the peripheries? What has been said about missionary discipleship and how can I share with others in my parish or organization a concise understanding of it?

If you have asked any of these questions or are seeking to engage the Holy Father's call to go out of our comfort zones to help others Encounter Christ, be Accompanied on their faith journey, be Welcomed into a Community of Faith and Formed to become Missionary Disciples – these resources are for you!

Living as Missionary Disciples provides dioceses and parishes and other church ministries with a road map to "new paths for the Church's journey" of evangelization. It is not intended to provide a ready-made program for a parish to follow or a detailed strategic plan to implement. Rather, it offers principles that dioceses and parishes can apply to their efforts in evangelization and missionary discipleship.
